LAS VEGAS, NEVADA – July 27, 2016 – Vanguard Integrity Professionals, Inc., cybersecurity experts for networks, distributed systems and large enterprises, is proud to be a sponsor at SHARE 2016 in Atlanta taking place July 31-August 5, 2016. Additionally Vanguard will be presenting on topics addressing the latest security, compliance and security trends in four sessions during the event. SHARE began as the first-ever enterprise IT user group back in 1955, and continues to deliver important avenues of professional growth for the industry today. While the means of learning, networking and influencing this space have evolved – the desired result of providing a valuable user-driven perspective is the same.
