VANGUARD INTEGRITY PROFESSIONALS AT 2017 AFCEA DEFENSE CYBER OPERATIONS SYMPOSIUM

Vanguard to Exhibit at AFCEA 2017 in Baltimore, Maryland

LAS VEGAS, NEVADA – June 06, 2017 – [Vanguard Integrity Professionals](#) cybersecurity experts with cybersecurity solutions securing any enterprise, is proud to exhibit at 2017 AFCEA Defense Cyber Operations Symposium at the Baltimore Convention Center taking place June 13-15, 2017. Vanguard executives will be addressing the latest cybersecurity threat-scape and security trends at this important event. Vanguard will showcase its cybersecurity and multifactor authentication solutions demonstrating their vital role protecting critical infrastructure, large enterprise and cloud environments.

AFCEA provides a forum for military, government and industry communities to collaborate so that technology and strategy align with the needs of those who serve. Defense Cyber Operations Symposium will focus primarily on the Defense Information Systems Agency and the Joint Force Headquarters-Department of Defense Information Network in their operational role as both the defender and creator of adaptive and resilient networks.

Cyber operations are a challenging mission for the U.S. Defense Department and government community that builds, operates and defends networks. Cyber leaders and warriors must continually evolve to adapt to future innovations and develop and leverage cutting-edge tools and technologies.

To support this effort, AFCEA's Defensive Cyber Operations Symposium provides an ethical forum where government and industry will focus on "Connect and Protect." Participants will discuss requirements and solutions to ensure that the networks within DoD are adaptive, resilient and effective across a range of uses and against diverse threats.

Please be sure to visit Vanguard at booth #505 at the 2017 AFCEA Defense Cyber Operations Symposium hosted at the Baltimore Convention Center in Baltimore, Maryland.
