Founder and CEO, Ronn Bailey Passes Away

Las Vegas, NV – On March 2nd, 2022, Vanguard Integrity Professionals, Inc. lost one of its own and sadly announced the passing of the company's founder and CEO, Ronn H. Bailey. Ronn was a pioneer in the world of information security applying the advanced techniques he learned while serving as Air Force Intelligence to his expertise in computer security. Bailey was driven by his patriotism for the United States of America and proudly served in Vietnam.

After proving himself as one of the world's leading experts in RACF, Bailey founded Vanguard Integrity Professionals, Inc. in 1986 to serve as the leading provider of mainframe security education, professional services, and software for Fortune 1,000 organizations world-wide. Bailey was a cutting edge innovator recognizing and defining critical components of cybersecurity before the term even existed. As a cybersecurity inventor, developer and patent holder, Bailey was requested to help write the "Cyberspace Security Policy" for the Bush Administration.

Ronn's innovative techniques and his hand selected Executive Management Team, with nearly ten decades of security and senior management expertise, set Vanguard apart making them a steadfast industry leader. Bailey's relentless commitment to customer service and unwavering passion to make the technical world of mainframe security accessible to end users through automation and ease of use, was instrumental to the success of Vanguard Integrity Professionals, Inc.

"Ronn was a visionary who dedicated his life to securing the world's most critical systems. The core values he established at Vanguard, providing outstanding customer care and support and delivering best-in-class security solutions will continue." shared John Connors, President.

Baily's vision and legacy, Vanguard Integrity Professionals, will be innovating long into the future under the watchful direction of his sister, Yvonne Shoup as she continues her role as the Chairman of the Board. Yvonne has been an essential part of Vanguard's Executive Team and success for nearly 30 years. She will lead Vanguard with the same level of dedication and excellence that established the organization as one of the world's top providers of cybersecurity solutions for many years to come.
