VANGUARD INTEGRITY PROFESSIONALS AT SHARE 2018 IN SACRAMENTO

Vanguard to Exhibit, Sponsor and Speak at Share March 11 - 16, 2018

LAS VEGAS, NEVADA – February 28, 2018 – Vanguard Integrity Professionals, Inc., cybersecurity experts with cybersecurity solutions securing any enterprise, is proud to be a sponsor at SHARE® 2018 in Sacramento, California taking place March 11-16, 2018. Additionally, Vanguard will be presenting on topics addressing the latest compliance and security trends and security. Vanguard will showcase its cybersecurity solutions for all three security platforms; IBM® RACF®, CA ACF2™ and CA Top Secret® while discussing vital partner roles in protecting any combination of large enterprise security or cloud environments.

SHARE began as the first-ever enterprise IT user group back in 1955, and continues to deliver important avenues of professional growth for the industry today. While the means of learning, networking and influencing this space have evolved – the desired result of providing a valuable user-driven perspective is the same.

Please make plans to attend one of our sessions and visit the Vanguard booth to review options on meeting/exceeding security, audit and compliance challenges at the SHARE Technology Exchange Expo hosted at the Sacramento Convention Center.
